STRESS

STRESS IS SPLIT INTO THREE SECTIONS. EACH SECTION ADDS A PERMANENT +1 ID TO ALL TASKS.

Oopsie Daisy

Once per Witching Hour, for 3 Stress, you can instantly set a curse upon an individual where they'll constantly be clumsy. At all the inappropriate times, they'll drop things and stumble. This does not require a roll.

Dead Man's Switch

Once per Witching Hour, for 3 Stress, you can pre-cast a Curse that lays dormant until a trigger you specify causes it to finish. It can be set up to affect a person or object.

That's My Trick

Once per Witching Hour, for 3 Stress, you can negate one Curse you see cast entirely or remove one active Curse you see. This does not require a roll.
